Re: MEC: Section 32. G

AFA Grievance Number: 22-99-02-80-15

Dear Amanda:

A hearing was held on October 29th regarding the above referenced grievance. After much discussion regarding a recent event, I have come to the conclusion that, unfortunately, there was a serious lack of communication between Envoy departments and local law enforcement. I want to assure you that Envoy recognizes the seriousness of Critical Incident Events and is committed to caring for all Flight Attendants involved in such incidents. We will continue to strive to provide appropriate assistance to our Flight Attendants in a timely manner.

Sincerely,

A handwritten signature in cursive script that reads "Linda".

Linda Kunz
Vice President Flight Service
