MICHELE KELLY

I started as a FA with Envoy in Oct of 2018. My education and previous career was in social work. I have sat RSV by choice pretty much my entire time at Envoy. I enjoy helping the new hires and have been the RSV chair for ORD/PHX for the last couple of years

I am excited to be a rep for our team being an Envoy Airlines F/A since 2014. I have been in the airline industry off and on since 2002. I am pleased to work with everyone and secure an industry leading contract that will allow us to further improve our quality of life, our work environment and improve overall morale in our work group.

I've been an FA for just about 3 years now's. This is my second union shop, I was a shop steward with Unite Here local 11, representing HMShost workers in Phoenix for a little over a year and discovered a true passion for the power of workers. I'm looking forward to the fight

REBECCA PETERSON

PHX

After a decade of teaching and five years van-lifing through the southwest, I became a flight attendant with Piedmont for two years. I was thrilled to be able to transfer to PHX with Envoy and be closer to my tiny house in Yuma! I am excited to be a part of the union and get others involved in November's contract negotiations, with a special focus on securing a better life for reserves.

NICK AGUERO

PHX

I have been with Envoy since Feb 2016. Even though I have lived in other cities/states throughout my adult life, I always come back to the desert! I really enjoy helping and guiding others. On my free time, I enjoy playing pickleball and tending to my houseplants. As of now, I am a mobilization rep in PHX, so if you have any questions, feel free to reach out!
